

**Fresh &
Milky
Way ahead**

Present your new ideas, inspiration and innovations to potential visitors of KRISHITHON.

KRISHITHON presenting exclusive pavilion for DAIRY & LIVESTOCK Sector. Objective of this pavilion to provide an opportunity to the dairy farmers, dairy entrepreneurs and the companies dealing in the sector to come together to ensure a more updated dairy in India.

Facts of Indian Dairy Sector:

- India has emerged as a largest milk producing nation in the world with a contribution of about 20% to the world's milk production.
- Major share in milk production is attributed to millions of milk producers who are mostly small, marginal farmers.

Why Maharashtra

- Maharashtra is one of the forerunner state in dairy sector, stands at 5th position in milk production.
- There is a significant growth in the establishment of modern commercial dairy farms across the Maharashtra.
- These modern dairy farms are located within a hundred kilometre radius of major urban centres. Their marketing pitch is unadulterated, hygienic, quality milk, with some taking a step further, to guarantee pure cow milk. The businesses supply direct from the farm to the customer's door step.

KRISHITHON
